## **DETAILED ACTION**

## Allowable Subject Matter

- 1. Claims 1, 3, 6, 7, 11-19 allowed.
- 2. The following is an examiner's statement of reasons for allowance: Prior art failed to establish a liquid crystal display device comprising a first substrate and a second substrate arranged for vertical alignment, a liquid crystal having a negative dielectric anisotropy being sandwiched between the first and second substrate, a plurality of color filters on the first substrate where each of the color filters have at least a first depression formed, a common electrode on the color filters where the common electrode has a surface facing to the second substrate and a plurality of second depressions corresponding to the first depressions of the color filters and a dielectric material filling up the second depressions of the common electrode where the dielectric material has a dielectric constant smaller than the dielectric constant of the liquid crystal and where the dielectric material has a substantially flat surface level with the surface of the common electrode.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
